

Serious about raising educational standards and saving our schools from closure?

Here's what you can do:

**Tell your local councillor*
to vote for Option 4
on the 19th March**

Option 4 will give us all the right to vote in a Referendum, for either a 2-Tier or a 3-Tier system that does not involve the closure of so many schools.

All the main pressure groups, political opposition and many others have agreed that if the existing 3 options are rejected and option 4 is chosen and it is put to a referendum then they will support the outcome. That will settle the matter once and for all.

Option 4 demands a referendum

(as offered in the Conservative election manifesto) to be called immediately, to decide between:

Continuing to raise standards within the current three-tier system retaining small schools and avoiding a major reorganisation

or

A Reorganisation to a two-tier system which emphasises the importance of small schools and community based learning.

**This will allow everyone to have their say
AND the politicians a chance to do the right thing
for the Island's children**
